Israel: Its History as seen Today

You are invited to join Rob Reese and Bob Yeager as they share their experiences from their recent trip to Israel. It will be a visual walk through time as they narrate a slideshow of some of the many sites visited throughout Israel. Our trip and pictorial story begins at about 1900 B.C. in the northern tip of Israel with Abram traveling to Dan in pursuit of Lot's captors. The tour will take us through many places in the Old Testament and the Gospels such as Jericho, Shiloh, Valley of Elah (where David & Goliath fought), Nazareth, Jerusalem, Sea of Galilee, Mt. Arbel (Sermon on the Mount) and others. It will end in "the future" at the Dead Sea with Ezekial's prophecy. **If interested, join them for this 3-part presentation begins TODAY November 12 & continues on the 19 and 26 in the Fellowship Hall following the service and fellowship time.**

THE STAR OF BETHLEHEM

Unlock the Mystery of the World's Most Famous Star
"We saw His star in the east and we have come to worship Him." – Matthew 2:2

Scholars debate whether the Star of Bethlehem is a legend created by the early church or a miracle that marked the advent of Christ. Is it possible that the star was a real, astronomical event? From producer Stephen McEveety (The Passion of the Christ) comes an amazing documentary of the Star of Bethlehem. This presentation, as seen by tens of thousands in the U.S. and Europe, explores the exciting truth of scripture and reveals the evidence for God's existence as seen in the stars above. Presenter Rick Larson walks you through biblical and historical clues revealing the incredible significance of this celestial event as well as the vastness of God's creativity. Discover the secret of the Star – a secret of magnificent beauty . . . Join us in the Fellowship Hall after the service on Dec 3 to view the 1st half of the presentation and to then hold a discussion. On Dec 17, we will view and discuss the 2nd half.
